Helping Children Get a Healthy Start.

Clay County school children learn the importance of nutrition, activity and hand washing. Conservation Field Days, Walk Day, and Kid's Safety Day are all programs designed to keep Clay County kids healthy and fit.

Building Career Interests Through 4-H Project Work

Clay County 4-H members get hands-on experience in livestock production, dog obedience, and horse activities. Electricity, forestry, cooking/nutrition, and visual arts are some of the more than 200 projects available for 4-Her's.

Enhancing Leadership & Growth

Clay County businesses and service organizations took advantage of customer service training to enhance businesses and meet the needs of Clay County customers. Extension staff provided a strategic planning session for Flora City Council members and staff to help them plan for the future.

Building Collaboration to Better the Community

Extension works hand-in-hand with Clay County Farm Bureau to bring educational resources to the agricultural producers, businesses and schools. Extension works with the Local Elected Officials Association to provide educational resources to Clay County Officials. Extension provided resource aid in Regional Planning for South Eastern IL.
