

PLANT AND SOIL SCIENCES DIVISION

Plant and Soil Rules and Regulations

1. In order to exhibit in the plant and soils division, the 4-H member must be enrolled in:

Plants & Soils 1(It's More than Just Dirt)

Plants & Soils 2 (Stems and Stamens)

Plants and Soils 3 (Sprouting Out and Growing Up)

2. See General Project Guidelines.
3. County may submit entries for state fair.

Class 01 – Plants & Soils 1(It's More than Just Dirt)

Prepare a display or poster that illustrates an activity from the project manual. The display should demonstrate an understanding of environmental and internal factors that affect plant growth. Include your project journal that documents activity recordkeeping requirements, answers activity questions, and details personal thoughts and ideas.

Class 02 – Plants & Soils 2 (Stems and Stamens)

Prepare a display or poster that illustrates an activity from the project manual. The display should demonstrate an understanding of the composition of plants, the functions of individual plant parts, plant life cycles, and the many ways plants reproduce. Include your project journal that documents activity recordkeeping requirements, answers activity questions, and details personal thoughts and ideas.

Class 03 – Plants and Soils 3 (Sprouting Out and Growing Up)

Prepare a display or poster that illustrates an activity from the project manual. The display should demonstrate an understanding of environmental and internal factors that affect plant growth. Include your project journal that documents activity recordkeeping requirements, answers activity questions, and details personal thoughts and ideas.
