

4-H School Enrichment Programs

University of Illinois Extension, McLean County

Insects – Ag’s Foe or Friend

This kit contains lessons and materials for the study of insects in the world of agriculture

Recommended Grade Levels: 3rd through 12th grade

Appropriate length: 4 – 6 weeks

Youth Objectives:

Youth will have the opportunity to study the life of various insects and how they relate to agriculture in both positive and negative ways.

The kit contains hands-on lessons and lesson enrichment materials for group and individual study.

Cost: None

Teacher’s responsibilities:

Teachers will need to review lesson materials, plan lesson objectives and return the kit and all materials in a timely manner.

4-H is a youth development program of the University of Illinois Extension.

It is a non-formal education program for youth between the ages of 8 and 19. 4-H projects are offered to youth through community clubs, project clubs, and special interest groups, as enrichment to school curricula, and in the 4-H Afterschool program.

University of Illinois Extension provides equal opportunities in programs and employment.
