

*Experience the thrill of O
at Comlara Park on*

National Orienteering Day

September 19, 2009

*Orienteering is an exciting and challenging sport
that calls upon your ability to navigate in
the woods or park. Between checkpoints marked on
your map, you choose your own route –
around the hill on a trail or cross-country over the top.
All agree, though, O is the way to go.*

For more information on orienteering, please visit
the national website at www.us.orienteering.org.
