Information for Volunteers & Leaders

Starting on Page 54 of the Illinois Clover

Please consult the Clover! Some resources include:

- **Helping You Help Officers & Committees** – we used to include this in the new year packets, but many often did not get used. We have them available in the office – please request one.
- **Helping You Help Youth** fact sheets – these are helpful tools for new families in your club.
- **Avoiding a Can of Worms – Risk Management for 4-H Clubs/Groups**
- We also have or can order **leader guides** for the 100+ projects that are listed in the clover – if you are planning a workshop for your club these are great resources!
- **Cloverbud Leaders** – we have resources for you! See pages 46-47 of the Illinois Clover for more information.

Please call 309-663-8306, email techamb@illinois.edu or write on the project enrollment form (green sheet) the publication you need – mark it with an “L” and circle it.

Thank you!
