

Don't forget certain supplies for insect collections are available at the McLean County Extension Office. We have stocked two sizes of insect pins, two sizes of vials, and a limited quantity of a booklet that is an excellent guide to collecting and preserving insects.

For those who may wish to order your own supplies, we suggest BioQuip Products, Inc. There is a minimum merchandise order of \$20 for individuals, or \$30 for institutional orders. You can view an online catalog at <http://www.bioquip.com> and can place phone orders at (310) 324-0620. Shipping costs will be approximately 16 percent of the order value.
