

PLANT AND SOIL SCIENCES DIVISION

Plant and Soil Rules and Regulations

1. In order to exhibit in the plant and soils division, the 4-H member must be enrolled in:
Exploring the World of Plants, Plant Characteristics, OR Plant Reproduction
2. See General Project Guidelines.
3. State Fair entries fall with the Horticulture Division.

Class 01 Plants and Soils I (It's more than just Dirt)

Prepare a poster or display that illustrates an activity from the project manual. The display should show an understanding of environmental and internal factors that affect plant growth.

Class 02 – Plants and Soils II (Stems and Stamens)

Prepare a poster or display that illustrates an activity from the project manual. The display should demonstrate an understanding of the composition of plants, the functions of individual plant parts, plant life cycles, and the many ways that plants reproduce.

Class 03 – Plants and Soils III (Sprouting out and Growing Up)

Prepare a poster or display that illustrates an activity from the project manual. This display should demonstrate an understanding of environmental and internal factors that affect plant growth.
